ANNUAL REPORT

OF THE

SCHOOL BOARD.

OF THE

TOWN OF SOUTH NEWMARKET.

Your committee respectfully submit to the citizens of South Newmarket their annual report giving in detail the financial account of all business, and also a genèral statement of all other matters in the interest of the schools. The annual school meeting was held March 15, 1890. James W. Robinson was chosen moderator, Edward J. Beal clerk. Austin J. Neale was elected for the ensuing three years a member of the School Board. Samuel E. Williams was chosen Auditor.

ORGANIZATION.

A. W. Richards, Chairman.
F. A. Hoyt, Treasurer.
Austin J. Neale, Clerk.

Sub Committee, Austin J. Neale on superintendence and repairs; F. A. Hoyt on finance and A. W. Richards on Piscassic school. Mr. Hoyt resigned as member of said board in the month of June, Rev. W. H. Trickey was appointed to fill the vacancy and a change was then made in the sub committee

REPAIRS AND IMPROVEMENTS.

The appropriation of money for repairs and improvements has been largely expended in the Grammar school room, the ceiling of which was replastered, its walls and blackboards painted, and floor relaid with Georgia pine. It was furnished throughout with oak of the most improved pattern, the seats and benches are both individual and adjustable. The room is now neat, convenient, pleasant, fully in keeping with the times.

FURTHER REPAIRS.

Repairs are needed inside the Piscassic school room, and on the fences around the grounds. At the village, the Primary building needs a change in the location of its chimney.

We have had two articles inserted in the selectmen's warrant for improvements in the Intermediate room. But little has been done in the nature of repairs to this room for many years. The plastering on ceiling and walls is in bad shape. the floor also is in very bad condition and new furniture very much needed.

If anything is to be done, we would urge all that the warrant calls for.

TEXT BOOKS.

The text books now in use are Harrington's Speller, New Franklin Readers, Swinton's Grammars, Butler's Geographies, Coburn's and Robinson's Arithmetics, Harper's Penmanship, Barnes' and Swinton's Histories, Meserve's Bookkeeping and Political Economy, Hutchinson's Physiology, Wentworth's Algebra, Wells' Philosophy, Lockwood's Rhetoric.

TEACHERS.

The schools for the entire year have been under the charge of the following teachers: Grammar, Charles S. Strout; Intermediate, Bertha J. Hobbs; Primary, Harriet E. Sanborn; Piscassic, A. W. Richards. All of whom we believe have been faithful in the discharge of their important duties.

Whole number of children in town April 1, as enumerated by the selectmen, between the ages of five and fifteen years is 137; boys 71; girls 66. The whole number of different scholars entered upon our school registers from four years of age and upwards attending school not less than two weeks, 73 boys, 80 girls.

The average number belonging to the schools in town is 133. The average daily attendance has been 110. The percentage of daily attendance has been 8461. The pupils under six years of age are 7, over 16, 10; between six and sixteen, 136. The number of scholars in town studying reading is 153; spelling 153; penmanship 153; arithmetic 143; geography 87; grammar 89; United States history 43; composition 88; physiology 40; algebra 25; ancient history 12; philosophy 7; rhetoric 25.

FREE TEXT BOOKS.

The committee are of the opinion that the system of free text books and supplies is an advantage to the school, inasmuch as every scholar is provided with books and other articles necessary for his work, without calling upon the teacher or wishing to borrow from his neighbor. The room is more quiet and the scholar has but little excuse to offer for an imperfect lesson. The expense for books and supplies has been large, but it is said the life of a book is about five years. Hence the expense for these articles is proportionally large this year.

RAISING OF FLAG.

On the seventeenth day of May resident members of the G. A. R. of this town presented the schools with the national colors, they were hoisted the following day on the Grammar School building.

The exercises were attended by a large number of our citizens at the town hall. Appropriate music was rendered by the Newmarket brass band. Rev. Mr. Campbell offered prayer. Mr. H. Jenness Paul presided and presented the flag. Mr. Neal

accepted the gift of trust in behalf of the schools. Speeches were made by Revs. Mr. Fitts and Mr. Trickey, consisting of a military and educational character. Mr. Strout spoke on the part of the schools. National airs were sung by the scholars, cheers were given with patriotic zeal. The generous gift of our soldier and sailor boys, the martial music, the patriotic speeches, the songs of our children, all contribute to make it one of the most pleasing and interesting events in the history of our schools.

The school year has without question been a progressive one, though consisting of but thirty-two weeks instead of thirty-four as last year.

While perhaps slightly longer terms may in the future be desirable we feel that quality rather than quantity should always be sought.

But few of our scholars will attend any other school. It is therefore obvious that the highest degree of excellence possible should be maintained.

As in education lies the largest hope of free government and Christian morals, it follows that the first duty of citizenship is to raise higher and higher its standard. Let us unite to that end.
